

January 23, 2009

Edward Olsen  
Director of Engineering  
The Whitlock Group  
6601 Northpark Blvd, Suite C.  
Charlotte, North Carolina 28216

Letter of Reference:

We have used Chip Harpers services as an outsource contractor for AutoCAD drafting on several projects on an as needed basis since December of 2007. His work has been performed in a professional manner, matching our AutoCAD drawing requirements and returned to us in a timely basis.

On a couple of occasions we have needed work produced in an expedited fashion. Chip has accommodated us by rearranging his schedule and producing an immediate turn around on those drawings. In today's competitive economy such service can be invaluable.

I highly recommend his services to others without hesitation.

Sincerely  
Edward Olsen
