To whom it may concern:

We have been fortunate to have been able to use the services of Chip Harper as an outsource AutoCAD drafting contractor on an as needed basis since early 2006. His expertise with AutoCAD and structural drafting experience has proven to be a valuable asset to us on many occasions.

He has always been reliable and trustworthy. I recommend his services to others without reservation.

His services ranged from complete structural drawing sets to small sketches. In addition to providing drafting structural projects, Chip also worked with us on developing our typical details library for structural projects. As a small business owner I appreciated his consistent flexibility, attention to detail and timely delivery of product.

I have no reservations in recommending Chip as an excellent and experienced ACAD drafting contractor. Should there be a question please contact me.

Sincerely  
Andrew M Pyper, PE, FASCE
